

## CURSO 2017-2018

*Septiembre, 2017*

### Divulgació de la ciència (22 i 29 de setembre de 2017)

El curs *Divulgació de la ciència* està destinat a personal investigador reconegut que ha de difondre la seva recerca en anglès en àmbits no especialitzats, ja sigui oralment o per escrit. Els investigadors aprendran a divulgar els resultats de la recerca científica a fi que puguin transcendir el clos dels iniciats i arribar a la societat.

**Formadora:** Silvia Solà

**Lugar:** UAB, Aulari Central (Edifici J)

**Día y hora:** 22 y 29 de septiembre de 2017, de 9 a 14 horas.

**Idioma:** inglés (serà necesario acreditar el nivel B2.2.)

**Dirigido a:** Investigadores Postdoctorales del Programa P-Sphere (plazas limitadas)

### Contenido

El curs s'enfoca tant a la producció de textos en llengua oral com en llengua escrita. Els assistents aprendran, per exemple, a ajustar el contingut a l'audiència, el registre i el to adequats a la situació comunicativa; a escollir el lèxic oportú; a gestionar les redundàncies i els mots de transició; a controlar les modalitats negativa i afirmativa del discurs amb l'objectiu d'aconseguir una claredat màxima; a gestionar adequadament l'aparició de la informació coneguda i desconeguda; a propiciar una bona progressió temàtica; a determinar les llargades de les frases i els paràgrafs i a construir-los adequadament; a propiciar la comprensibilitat i la llegibilitat del text; entre d'altres.

*Octubre, 2017*

### Cómo divulgar tu investigación con un vídeo de 60"

16 y 17 Octubre, 9:00-18:00

**Formadora:** Ana Montserrat

**Lugar:** UAB (Aulari central- Aula 40)

Se requiere una asistencia mínima del 80%

**Programa completo:** [How to disseminate your research project in a 60" video](#)

Inscripciones: (plazas limitadas asignadas en orden de registro):

<https://eformularis.uab.cat/web/p-sphere/video>

## Herramientas 2.0 para comunicar tu investigación

La conferència ***Eines 2.0 per comunicar la recerca***, adreçada a estudiants de doctorat, docents i investigadors, té com a objectiu demostrar els beneficis derivats de la utilització de recursos basats en la web 2.0, com per exemple els blogs i les xarxes socials com Twitter o Researchgate, per incrementar la difusió, la visibilitat i l'impacte de la producció científica dels investigadors, així com per millorar la seva reputació digital.

La presentació anirà a càrrec del senyor Xavier Lasauca i Cisa, responsable de Gestió del Coneixement i Sistemes d'Informació en R+D a la Direcció General de Recerca (Secretaria d'Universitats i Recerca, Departament d'Empresa i Coneixement de la Generalitat de Catalunya). La jornada s'estructura en una exposició d'aproximadament una hora i mitja seguida d'un torn obert de preguntes.

Aquesta conferència, organitzada pel Servei de Biblioteques de la UAB, s'emmarca en la Setmana Internacional d'Accés Obert (23-29 d'octubre) i es podrà seguir en *streaming* a <http://campusmedia.uab.cat>.

**Fecha:** 25/10/2017

**Hora:** de les 11:00 a les 13:00 h.

**Lugar:** Aula Magna - Facultat de Ciències de la Comunicació

**Idioma:** Castellano

**Formador:** Xavier Lausaca i Cisa

**Inscripciones:** Es imprescindible formalitzar previamente la inscripció mediante [este enlace](#)

**Noviembre, 2017**

## Redes sociales para investigadores: aumenta el impacto de tu investigación con herramientas Web 2.0

28 de noviembre, 15:00 -17:00h

**Formador:** Xavier Lasauca i Cisa

**Lugar:** UAB, se detallará más adelante

The workshop will summarise the benefits which can be gained from the use of social media (specially blogs, Twitter and other social network sites) to support research activities. There is evidence that using social media can be really beneficial to increase the impact of research papers, get new information, engage with fellow researchers and meet new collaborators, among others utilities. The lecturer will provide examples of blogs, Twitter and other resources as tools for scientific communication, as well as discuss their implications for digital scholarship.

Registrations: <https://eformularis.uab.cat/web/p-sphere/socialnetwork>

## Strategy and RDI planning

The objective of the course is to improve the knowledge and competencies for the collaborative proposal preparation in the Horizon 2020 programme. The methodology of the course will be based on "learning by doing", with real proposal cases, and complemented by theory classes and an online follow up. The course will be taught in English.

The course offers an optional two-day study visit to Brussels equivalent to 1 additional credit.

**Modality:** On-site

**Place:** Escola de Postgrau i Formació Continuada, Campus Bellaterra, UAB

**Dates:** from 08/11/2017 to 22/01/2018

**Language:** English(100%)

Interuniversity course: Universitat Autònoma de Barcelona and, Universitat Oberta de Catalunya

Coordinating centre: Escola de Postgrau

Collaborating centres: ACUP, AGAUR, UOC

## Responsible Research and Innovation: How to maximize the local impact of my research?

The course provides theoretical and practical training about responsible research, addressing issues of communication, participation, and intervention with young people. Specifically, the aim of the course is to provide researchers with various tools and skills to communicate their research, to critically analysed it, and promote its local impact. The course is part of the European Research Project.

**Note that the training is composed by 6 sessions along different weeks.** However, students interested only in the practical part can also attend single sessions of their interest, without following the whole training.

**Lugar:** UAB/ Sala d'Actes de la Plaça Cívica

**Idioma:** inglés

**Fechas:** 2, 9,15, 23, 30 noviembre / 1 diciembre

**Dirigido a:** PhD candidates and postdoctoral researchers.

**Programa completo:** [How to Maximise the Local Impact of my Research?](#)

**Inscripciones:** <https://formularis.uab.cat/web/p-sphere/perform>

*Febrero, 2018*

## "Gender and diversity in research and research funding"

**Fecha:** 23/02/2018, from 10 a.m.- 2 p.m.

**Lugar:** Sala de Graus II, Facultat de Ciències, UAB.

**Plazas:** 40

**Idioma:** English

**Dirigido a:** pre-docs, post-docs, otros investigadores y project managers

The aim of the workshop is to build knowledge and skills regarding the benefits and implications of considering gender and diversity in research projects. The workshop will help the participants to gain knowledge, understanding and skills of implementing a gender and diversity perspective in their research and in their proposal writing. An introduction will be made to what a gender perspective is as well as methods on how to evaluate the benefits and implications of considering gender and diversity.

**Academic Biography:** **Dr. Bodil Formark** works as Research Coordinator at the External Relations Office/Grants Office, Umeå University in Sweden. Together with Dr. Anna-Karin Frih she is module leader for "Gender and diversity in research management" within the EARMA certification program. She currently also works part-time as a lecturer at Umeå Centre for Gender Studies. Dr. Formark's activities as a researcher have primarily been within the fields of History, Gender Studies and Girlhood Studies.

**Dr Anna-Karin Frih** is a research advisor at Grants Office Örebro University.

Her responsibilities include pre-award services for national as well as EU-funding and giving seminars for researchers on topics such as grant writing, career development and research strategies. Her background in research and teaching in History and Gender Studies, combined with expertise in administrative support and counseling in external research funding, forms the basis of her interest and knowledge in issues concerning gender, diversity and EU funding. She is also a trainer in Earma's certificate program.

### **"Facilitating reflection on Responsible Research and Innovation"**

**Fecha:** 13/02/18 + 27/02/18 de 15:00 - 19:00

**Lugar:** aula 32, Aulari Central, UAB.

**Plazas:** 15

**Idioma:** Castellà/Català. Material: English

**Dirigido a:** personal HEI académico y no académico

In this workshop, participants will envision possible futures connected to R&I developments. They will reflect on strategies and ways how to steer these developments and their possible wider societal and environmental impacts using concepts of RRI. Then, the course will especially focus on how to integrate such reflection on issues of RRI into higher education teaching and training. Together in groups participants will develop different approaches and designs for teaching RRI to various higher education audiences.

**Inscripciones:** <https://eformularis.uab.cat/web/p-sphere/rri>

*Mayo, 2018*

**"Managing myself & working with my team: A skills upgrade for Postdocs"**

**Fecha:** 24/05/18 + 25/05/18 de 10:00 - 18:00

**Lugar:** 24/05 Edifici Eureka. Sala Polivalent. 25/05 Edifici Z ICTA (Institut de Ciència i Tecnologia Ambientals). Sala 023.

**Plazas:** 18

**Idioma:** Inglés

**Formadores:** Dr Gavin Lucas & Dr Tobias Maier

**Dirigido a:** investigadores e investigadores P-Sphere

Postdoctoral researchers are a somewhat forgotten collective in the research system, despite their key role in running research projects and in managing and training junior staff. The goal of this workshop is to address their changing needs as increasingly expert researchers with growing responsibilities and pressures. Participants will gain a renewed perspective of some key transferrable competencies for the postdoctoral research stage and beyond. The over-riding principle of this training is awareness-raising: to develop a conceptual framework to understand and deal with some of the most common challenges that postdocs face, and to acquire a set of practical tools and methods that are immediately applicable in the participants' working environment.
